Change the name of the subsection, Homosexuality and Gender Issues to Human Sexuality and Gender Issues.

Change the existing plank Homosexuality to the following:

Human Sexuality:

We affirm God's Biblical design for marriage and sexual behavior between one biological man and one biological woman, which has proven to be the foundation for all great nations in Western civilization. We oppose homosexual marriage, regardless of the state of origin. We urge the Texas Legislature to pass religious liberty protections for individuals, businesses, and government officials who believe marriage is between one man and one woman. We oppose the granting of special legal entitlements or creation of special status for sexual behavior or identity, regardless of state of origin. We oppose any criminal or civil penalties against those who oppose non-traditional sexual behavior out of faith, conviction, or belief in traditional values.
